**EVENT REPORT**

Name of the event	Media Ignores Women
Date and time	12 <sup>th</sup> September, 2019
Location	AV Hall, Ground Floor, Central Library
Speaker	Dr Parveen Reddy, Associate Professor, Navodaya Dental College
Number of persons attended	64
Summary	<p>The event was organized with the objective to sensitize the audience how media ignores women in all aspects from politics to sports and gives importance only in the movie and entertainment aspects. The event commenced with the students singing an invocation song. Then there was welcome address and lamp lighting. The speaker was appraised on her interest towards the event and then the talk began. The speaker said that not only were women's issues and leaders excluded from the media, but bias against women was practiced in reporting women's issues and leaders. Such treatment inspired women in many countries to establish their own magazines, newspapers and book publishing houses during the late 19th and early 20th centuries. Quoting one field as an example she said that news media focus on the 'big three' men's sports — football, basketball and baseball — creating audience knowledge about and excitement for the same sporting events over and over. Meanwhile, women's sports continue to get short shrift, which is significant when you consider the larger picture of girls' and women's efforts to achieve equal opportunities, resources, pay and respect in sports. The speaker continued covering many other aspects and then the event concluded with a vote of thanks and High tea.</p>
